

JADES DR5 Cross-Validation: Signal Survives ~50% Sample Contamination

(a) Correlation Comparison

(b) Controlled Comparison

(c) Summary

Key Findings

- Uncorrected ρ identical (0.505)
- Ctrl z only: sign REVERSED
→ blue contaminant signal
- Ctrl z + L_{bol} : RECOVERS
→ direction CONSISTENT
→ 60% dilution matches
→ ~50% contamination
- Signal survives pollution
